Work Commentary

"Why shoujo manga [girls' comics]?' I get asked by my friends, but I've come to a point where I draw shoujo manga as such a natural matter of course that even I think it's strange. To be able to publish comics like this sincerely makes me as happy as I can be After this, I don't know if it can be said how many things I'll be able to write, but I humbly think I shall try to express what there is of myself in the form of shoujo manga." Takanashi Mitsuba-sensei has kindly shared this message, and this is her shining tale of love

My name is Mitsuba Takanashi. If this is your first time purchasing a Mitsuba-chan comic, then I sincerely thank you very much.
To the readers who have given their support, friends who have lent their cooperation, and my part-time coworkers...all of whom have made it possible to publish this comic, I think I would humbly like to offer my warmest thanks.

That said, in addition to the four one-shot stories I drew illustrations and wrote poems (because I'm an aspiring poet) for publication in this volume, so please be sure to take a look-see over that way as well.
